## Goechala Trek Details Overview

The Goechala trek is a popular trek route in Sikkim, offering stunning views of Mt. Kanchenjunga and other mountains.

Here's a general 10-day itinerary for the Goechala trek:

**Day 1: Arrival at Bagdogra Airport or NJP railway station and drive to Yuksom—7-hour drive. 150 Km.**

Taxi Stand near SNT Sikkim National Transport

**Day 2: Yuksom (5,643 feet / 1,720 meters) to Sachen (7,200 feet / 2,195 meters)**

**Distance: Approximately 8 kilometers**

The trek begins at Yuksom, the trailhead for Goechala. The initial part of the trek passes through dense forests, and the trail is relatively gradual. Sachen, the destination for the day, is a beautiful campsite surrounded by lush greenery.

Day 3: Sachen (7,200 feet / 2,195 meters) to Tshoka (9,650 feet / 2,941 meters)

**Distance: Approximately 8 kilometres**

The trail continues through the forest, and as you gain altitude, you'll notice changes in the vegetation. Tshoka is a small village with a monastery, offering a picturesque setting for the night.

Day 4: Tshoka (9,650 feet / 2,941 meters) to Dzongri (12,980 feet / 3,957 meters)

**Distance: Approximately 10 kilometres**

The trek involves steep ascents and takes you above the tree line. Dzongri offers panoramic mountain views, and the campsite is in a stunning alpine meadow.

Day 5: Dzongri (12,980 feet / 3,957 meters) to Thangsing (12,900 feet / 3,932 meters)

**Distance: Approximately 10 kilometers**

The trail descends to the Prek Chu River before ascending again toward Thangsing meadows. The scenery changes to a more barren landscape with views of Pandim and surrounding peaks.

Day 6: Thangsing (12,900 feet / 3,932 meters) to  
**Lamuney (13,585 feet / 4,140 meters)**

**Distance:** Approximately 3 kilometers

The trail leads to Lamuney, near Samiti Lake. This short day allows for acclimatization before reaching higher elevations.

Day 7: Lamuney (13,585 feet / 4,140 meters) to  
Goechala (16,200 feet / 4,938 meters) and back to  
Thagnsing.

**Distance:** Approximately 16 kilometers (round trip)

The highlight of the trek is ascending to the Goechala Pass, offering stunning views of the Kanchenjunga massif. After time at the pass, descend back to Thangsing.

Day 8: Thangsing (12,900 feet / 3,932 meters) to  
**Tshoka (9,650 feet / 2,941 meters)**

**Distance:** Approximately 14 kilometers

The final day involves a long descent back to Tshoka, then Yuksom, completing the trek.

**Day 9: Tshoka (9,650 feet / 2,941 meters) to Yuksom (5,643 feet / 1,720 meters)**

**Distance:** Approximately 15 to 16 kilometers.

The last day involves descending from Tshoka to Yuksom, passing through scenic forested areas and picturesque landscapes experienced earlier in the trek. This downhill trek provides a different perspective on the surroundings.

**Day 10: Departure from Yuksom with the beautiful memories of the 8-day Goechala trek.**

**For Indian tourists, the Cost per head Rs. 19,500 International tourist-\$400**

Why this \$400 because of Kanchenjunga National Park fees are 3 times more expensive and need to make special permit for foreign tourists.

### **Cost Inclusion**

#### NOTE 1:-

Important Advice for Goechala Trek:

If someone plans to go on the Goechala Trek, they should engage in basic physical activities for at least 1-2 months before the actual trek. One of the easiest and highly productive fitness goals is to start jogging running in the

morning for 4-5 km at moderate intensity. This will assist you in developing your strength for the trek. If you do it regularly, it will later become easier to climb the Goechala trek. And if you do these activities than you don't even need other forms of exercising, such as lifting weights; even this running exercise will work wonders for your endurance.

#### NOTE 2 :-

It is a good idea to add 1 or 2 additional days to your trip when you plan. Sometimes, having Bad weather, road blocks and sometimes even heavy rains or natural disasters can mess up your plans. You can save some

days for the delays or cancellations.

## **Why Glacier Treks and Adventure Company?**

Plenty of reasons to trek with us Glacier Treks and Adventure Company. Choose to Trek with a Top Rated and Well Established Himalayan trekking company where you can be confident that safety, authenticity & an unforgettable mountain experience are our key priorities.
